# M203 GRIP

Shooters need a good grip to get a good shot. The M203grip gives you the best possible grip on your rifle/launcher combination. With the M203grip you acquire targets faster and shoot more accurately because you have better control of your weapons.

The ergonomic advantages are obvious. Operators with better control of their weapons are more maneuverable and safer. A better grip means carrying and using the weapons with less effort, allowing operators to stay functional and alert longer.

The M203grip can be used left or right handed and protects the shooter's front hand when firing while prone. It removes easily for weapons cleaning or maintenance and attaches quickly, without tools.

The M203grip's unique waterproof compartment stores 5 types of batteries or other critical items within easy reach. It's simple, versatile and dependable.

The M203grip provides operators the benefits of increased capability and better maneuverability, with improved accuracy and safety. The M203grip belongs on your launcher.
